"Y" SPENT \$80,000 MONTH IN SIBERIA

Supplies Sent To American, Allied and Loyal Russian Troops.

New York—More than \$80,000 has been expended monthly by the Y. M. C. A. for supplies being rushed into Siberia for use of the 7000 American troops there, the Allied military detachments patrolling the Trans-Siberian railroad, and the loyal Russian civilian population in the Kolchak Government. E. T. Colton, secretary in charge of Red Triangle work in Russia and Siberia, announced today at the headquarters of the overseas department, International Committee, Y. M. C. A.

"The American Y. M. C. A. is adding 28 overseas secretaries to its staff of more than 100 workers now in Siberia, said Secretary Colton. "These reinforcements will sail within the next few days. The 'Y' will continue to aid struggling Russia, as advocated by Ambassador Morris in his current report to the State Department in which he suggested that the United States give immediate and greater co-operation to Admiral Kolchak."

According to figures compiled by G. S. Phelps, in charge of Y. M. C. A. activities in Siberia, the "Y" expended \$53,544.11 for motion picture machines and other hut equipment in Siberia from January 1, 1919 to June 30, 1919. In the same period the "Y" spent \$291,422.63 for canteen supplies for biscuits, safety razors, etc. The "Y" troops in Siberia, including chocolates, bought miscellaneous merchandise amounting to \$165,248.78 for Siberian use in this period.

The Y. M. C. A. through its athletic program in Siberia is winning new laurels, these figures showing how much has been spent in the past six months for athletic equipment for Siberia. July, \$12,345.61; June, \$9,566.54; May, \$8,779.74; April, \$4,962.82; March, \$6,271.34; February, \$9,914.22.

The Siberians are motion picture hungry and to meet this demand the "Y" has sent 190,000 feet of American film in the past six months. Expenditures for motion picture machines and accessories for Siberia total: February, \$4,276.54; March, \$15,281.62; April, \$10,822.54; May, \$14,467.89; June, \$8,765.95; July, \$7,923.20.

"Y" CASUALTY LIST FOR WAR

Total of 259 in Latest Report Just Made Public.

Boston, Mass.—In compiling its records of overseas work for presentation at the fortieth International Convention of the Young Men's Christian Association of North America at Detroit, November 19 to 23, the National War Work Council of the Y. M. C. A. found that the total number of decorations and citations awarded to its workers overseas reached the total of 364 not to mention 145 official commendations, up to October 24 of this year.

The casualty list of the Y. M. C. A. overseas to the same date showed 10 killed in the battle zone, two of whom were women workers, one died of wounds and 73 deaths from overwork, accidents and other causes; 142 gassed or wounded, 18 injured in accidents, 12 shell shocked, and 2 taken prisoners, bringing the total casualties overseas for the organization up to 259.

The decorations awarded include: 52 French Croix de Guerre, 7 Distinguished Service Crosses, 6 medals of the French Legion of Honor, 10 of the Order of the Italian Crown and 74 Italian war crosses, together with numerous others ranging from Russian Order of St. Stanislaus to Portuguese Medalia de Agradecimento.

There were 18 citations for the Distinguished Service Cross, 100 citations by Divisional Commanders, 3 by General Pershing, and 16 by commanding officers of lower rank than divisional commanders. Sixteen Y. M. C. A. women workers were cited and 114 men and women commended by Divisional Commanders.

Y. M. C. A. TRANSMITS MANY REMITTANCES.

Boston.—Transmission of \$29,721,832 from Europe to relatives and families of soldiers and sailors in the American Expeditionary forces through the agency of the Bureau of Soldiers' Remittances, National War Work Council, Y. M. C. A., is reported by the treasurer. Up to October 2, out of 337,055 checks forwarded, only 252, or less than eight one-hundredths of 1 per cent remained undelivered. These checks covered remittances from practically all of the allied countries, from the army of occupation in Germany, and during a period when communication facilities were none of the best.

By far the larger part of these remittances were made through Paris. From that city alone 333,010, totaling \$20,431,653.03, were sent. The money for these remittances fed into Paris from every point in France, where Americans were stationed in both the army and navy. From London the Y. M. C. A. sent home 3565 soldier remittances, amounting to \$202,042.13, which covered all camps in England, where Americans were billeted for rest or training.

Railway Brotherhood to Insist on Further Wage Increases

Timothy Shea, President of the brotherhood of Locomotive Fireman and Enginemen, stated last night in Chicago that the railroad brotherhoods are prepared to continue their efforts for general increases in pay. This announcement was made in spite of the fact that Mr. Hines, the Director General of the Railroads, has offered to concede time and one-half for over-time to men in the slow freight service. "If time and one-half for over-time is granted, the brotherhoods are prepared to renew their fight for general increases along the entire line of railway workers. Apparently the Government is giving us about \$36,000,000 a year in time and one-half pay for over-time and taking away \$30,000,000 in arbitrariness and special allowances.

Week of January 17 as Thrift Week

Waterbury, Nov. 17.—It is learned at the Vermont War Savings headquarters here that information received at the Savings Division, First Federal Reserve District, in Boston from Washington states that starting January 17 a Thrift Week will be held throughout the country for the purpose of increasing the financial and industrial strength of the nation and for the purpose of teaching the people the benefits derived from steady saving and safe investment. During this week the sales of Thrift Stamps, War Savings Stamps and Treasury Savings Certificates will be stimulated.

William Mather Lewis, director of the Savings Division says that additions to the nation's capital are necessary if advantage is to be taken of the trade and industrial opportunities that will keep the country at its present full tide of prosperity. People must refrain from unnecessary and extravagant spending if they are to bring down the high cost of living.

Savings Certificates will be available next year at banks and post-offices according to the latest reports from Washington.

A. P. Speers Leaves

The many friends and the boys in particular will regret the loss of Mr. A. P. Speers, as he left Island Pond on Saturday last, to attend the Y. M. C. A. International Convention which is being held at Detroit this week. After the Detroit Convention he goes to Chicago for a few days, and then return to Canada. It is not definitely settled where Mr. Speers will be stationed. He was offered a position by the Y. M. C. A. to go to the north-west of Canada, but it is understood he rejected the offer.

Before he departed the boys of the Convent School presented him with a five-dollar gold piece, accompanied with a card bearing these words: "As a slight token of our Thanksgiving from the boys of the Convent School." Mr. Speers is now wearing this splendid token as a charm on his watch chain and will serve to remind him of the boys he has left behind at Island Pond.
